"I started at Diverse Computing as a marketing intern and, in less than a year, I was promoted to a supervisory role. The managers here develop you into a true professional by providing lots of training and opportunities to make a real impact on your community."

— JORDAN ENGELKE / FORMER INTERN
COMMUNICATIONS COORDINATOR (2018)

"

In my first week, I remember working shoulder-to-shoulder with the company president on a major project — talk about valuing your employees! The best thing about working at Diverse Computing is the people."

— ANDREW RAWLINGS / FORMER INTERN
SALES MANAGER (2011)

BECOME AN INFLUENCER

Influence your company. There are lots of opportunities within Diverse Computing to grow your skills, coach others, learn new things you never thought possible, and get recognized for your achievements.

Influence the industry. Diverse Computing is a leader of innovation in the law enforcement software sector, so our team members have the potential to become nationwide industry influencers.

Influence your city. Tallahassee is the political and governmental hub of a U.S. swing state. You can get involved with local politics, charities, and educational initiatives — all while having a stable career.
